

Infilink- British Style Faceplates & Surface Mount Boxes

The affordable and sleek one and two port faceplates for home and office use

At the work area or home, **Infilink** faceplates are designed to mount in either one or two outlet configurations. These faceplates are available in ivory 1 and 2 port straight shuttered and angled modular shuttered varieties and offer a sleek, elegant appearance. Designation labels (included), provide ample circuit identification.

The faceplates can be mounted onto any British Style back box.

Because the couplers can be easily snapped out of the front of the faceplate, the faceplates do not need to be removed after installation; making moves, adds, and changes quick and easy. The preventive dust cover with spring on the back side of the shutter will ensure long cycle life and smooth action of the shutter for years to come.

Key Features

- ❑ **Allow easy circuit identification using the Infilink labeling**
- ❑ **Shutters**
- ❑ **Protective spring dust cover**
- ❑ **Can be wall mounted**
- ❑ **Extended Warranty**
